

How to get from Puerto Vallarta Airport to Rincon de Guayabitos

PRV - Puerto Vallarta's international airport is the usual start point for tourists and travelers visiting Rincon de Guayabitos.

By car to Guayabitos: take highway 200 North, which crosses over into the state of Nayarit about 2 kilometers from the airport. The highway is four lanes until Bucerias where it changes to two lanes and heads uphill winding its way through the mountains until Guayabitos.

By bus to Guayabitos: just take the “Pacífico-bus” outside the airport to La Peña, and once you arrive to La Peña (45-60min) then take a 30 peso (\$2.5usd) cab ride to *Casa Las Palmas*... Local vans and taxis are available once you are in La Peña's bus stop.
